Your Vehicle Transport Experts

Your Vehicle Transport Experts

Rite Way Auto Transport represents the highest quality and reliability in vehicle transport today. We strive to exceed the expectations of individuals and businesses for all of their domestic and international shipping needs.

Rite Way Auto Transport is one of the largest and most trusted shipping companies that handle every step of vehicle transport from pickup to destination. We are available 24 hours a day and guarantee 100% customer satisfaction.

Rite Way Auto Transport maintains constant repeat business due to a simple philosophy of partnering with the best nationwide and worldwide carriers. Our policy of high standards ensures that there is integrity throughout the shipping process.

Rite Way Auto Transport offers a peace of mind that is usually hard to find when dealing with most transport companies. Our pricing is upfront with full disclosure and no hidden fees or costs.

Carrier Integrity

Rite Way Auto Transport takes great pride in partnering with the best nationwide and worldwide carriers.

Our Carrier Partners

At Rite Way Auto Transport we pride ourselves on placing your shipment with the finest carriers for your route. We process thousands of shipments a year and we use several different carriers to do those moves. Each carrier is evaluated by our team of experts to make sure the carrier is up to our standards. **Rite Way Auto Transport** requires that each company must be "A" rated with the Department of Transportation (DOT) and the Federal Motor Carrier Safety Administration (FMCSA).

We verify insurance limits for all carriers to make sure they have at least one million in liability insurance and two hundred and fifty thousand in cargo insurance. These limits are based on the amount of cars the carrier can fit on their truck at one time. When a carrier is qualified to carry for us, we then dispatch loads to them. Having the proper quality of credentials is only the beginning for **Rite Way Auto Transport**.

Integrity Throughout The Process

We demand our carriers to maintain outstanding customer service levels which have enabled us to grow into one of the largest auto transportation companies in the world. Once the carrier meets our quality standards they also must follow specific procedures for pickup and delivery of your vehicle. Upon vehicle pickup, your carrier will fill out a complete condition report detailing your vehicle. You will receive a copy with a notation of your fuel level and mileage signed by your driver. Upon arrival at your destination the condition report must mirror the condition in which you released the vehicle.

There are many companies that do not have a standards policy and will dispatch your car to any carrier for the lowest cost. Our carrier application process filters most problems that often occur with irresponsible brokers or incompetent and inexperienced carriers. **Rite Way Auto Transport** maintains the highest customer satisfaction rating in the industry, and we will only accept a 100% rating by our carriers and clients. Maintaining the highest quality standards is our main objective.

We appreciate the opportunity to earn your business and look forward to making your transport experience easy and hassle-free.

Professional Services

Dealers ♦ Fleet ♦ Auctions

Hundreds of dealers trust Rite Way Auto Transport to be fast, affordable and reliable.

Whether shipping one or a hundred cars at a time, Rite Way Auto Transport has the most experienced and the best D.O.T rated carriers in the business.

We will only accept an excellent D.O.T rating from our carriers. This translates into safe, reliable and professional carriers moving your vehicles where they need to go. We adhere to all of the professional safety standards required by the Federal Motor Carrier Safety Administration.

We will only accept a 100% rated carrier to move your vehicles.

Rite Way is registered with all major auto auctions to facilitate the movement of your inventory as quickly and safely as possible. If you are a dealer we will do whatever it takes to get your inventory to you as quickly and safely as possible. We are confident our carriers will exceed your expectations.

International Shipping ♦ Export

Rite Way Auto Transport transports cars, trucks, vans, SUV's, boats and motorcycles to any destination worldwide. We also transport heavy duty equipment such as dump trucks, excavators, loaders, forklifts, graders, tractor heads, bull dozers, and others. We can provide the inland domestic transport to the port where your steamship line is departing. Our drivers are all certified by the Homeland Security TWIC Certification Program which enables us to enter all of the major ports in the United States.

Rite Way Auto Transport will arrange your international export shipping with our many customs agents and forwarders around the globe. We handle all of the difficult paperwork for you and make things run as smooth as possible for your vehicle transit to most major port destinations. Roll On/Roll Off service and container services are provided.

Boat ♦ Yacht Towing & Transport

Rite Way Auto Transport will transport your boat throughout the entire United States either by tow or on specialized equipment. The majority of the boats we tow are 35 feet or less. We have numerous carriers that will tow your boat whether it is already on a trailer or not. If the boat is oversized, Rite Way Auto Transport will also take care of the permits required as well as provide escorts for the carrier to provide the most safe and reliable shipping available.

If shipping a boat internationally, we will arrange the transport of the boat to the departing port as well as the destination country. Call us to discuss any specific need you may have. Our team of highly skilled dispatchers look forward to serving you.

Heavy Equipment Hauling

Drop Deck and Haul Away Division

This service allows us to haul oversize equipment when a unit requires overhead clearance shipping requirements that regular transport equipment cannot accommodate.

Flatbed Division

This division handles heavy hauling for cargo and general freight as well as unorthodox equipment.

Heavy Hauling Division

This division specializes in the transport of oversized and overweight loads. Many of these shipments require an escort with permits which we can provide to navigate your load safely throughout the roadways. Our heavy hauling fleet is ready to meet the challenges of your most difficult moves.

Enclosed Auto Transport

Rite Way Auto Transport specializes in providing enclosed auto carriers for exotic and collector cars. Enclosed auto transport trailers are a perfect solution for:

- ◆ Exotic car transport
- ◆ Classic car transport
- ◆ Auto auction transport
- ◆ Race car transport
- ◆ Anitique car transport
- ◆ Hot-rod Transport
- ◆ Motorcycles
- ◆ Golf carts

The Enclosed carriers that Rite Way Auto Transport uses are equipped with drop deck or power lift gates, climate control trailers, articulating ramps and special tie down systems to ensure the highest quality of transport in the industry.

Rite Way Auto Transport only uses the latest equipment such as:

- ◆ Double Drop Floors
- ◆ Power lift gates
- ◆ Nose cone for clearance
- ◆ Climate control
- ◆ Articulating racks
- ◆ Air ride suspension

Rite Way Auto Transport is one of the only companies in existence that holds both a contingent liability policy as well as a contingent cargo policy.

Rite Way Offers

Door to Door Auto Transport (Open Car Carrier):

This service involves the pickup and delivery of your vehicle to the location of your choice. Transporting your vehicle on an Open Car Carrier is the most economical method of transporting your vehicle.

Door to Door Enclosed Auto Transport (Car Carrier):
